

Strategy Icon Index

To depict how strategies interrelate, the strategies have been categorized into 8 groups: Solar Energy, Wind Energy, Energy Efficiency, Green Building, Transportation, Public Outreach, Water Conservation, Carbon Sequestration. Not all strategies are related to one of these 7 categories, while other strategies fit into multiple categories. For example, Strategy P-7.1. Community Gardens in City Parks and Underutilized Sites relates to water conservation, carbon sequestration, and requires a public outreach program to be effective. For a more comprehensive description of how the strategies interrelate see the Strategy Summary Table document available online.

Public Outreach

Strategy EO-1.1. Update and Maintain Sustainable Development Website	27
Strategy EO-1.2. Sustainability Awards Programs	28
Strategy EO-1.3. Educational Workshops	28
Strategy EO-1.4. Theme of the Month	28
Strategy EO-1.5. Eco/Sustainable art exhibitions	29
Strategy EO-1.6. Create a Center for Sustainability at a City Facility	29
Strategy EO-1.7. Increase “Green” Book Collection at Benicia Public Library	29
Strategy EO-1.8. Informational Kiosks and Info Displays at City Facilities	29
Strategy EO-1.9. Utilize Public Access Television	30
Strategy EO-1.10. Community Partnerships for Green Workforce Development	30
Strategy EO-1.11. Emission Reduction Thermometer	30
Strategy EO-1.12. Demonstration Gardens	30
Strategy EO-1.13. Encourage BUSD to Educate K-12 Students on Climate Change and Ways to Reduce GHG Emissions	30
Strategy EO-1.14. Green Science and Technology Fair	30
Strategy EO-1.15. Car-Free Challenge	31
Strategy E-2.2. Property Assessed Clean Energy (PACE) Program	37
Strategy E-2.4. Renewable Energy Fund	38
Strategy E-2.5. Citywide Renewable Energy Mapping and Database	38
Strategy E-2.6. Community Choice Aggregation Feasibility Assessment	38
Strategy E-3.1. Encourage Parking Lot Solar Photovoltaic Arrays	39
Strategy E-3.2. Solar Permitting Fee Waiver	39
Strategy E-3.3. Promote California Solar Initiative and Other Applicable Incentive Programs	40
Strategy E-4.1. Increase Wind Energy Generation within City Limits	40
Strategy T-3.4. Bicycle and Pedestrian Master Plan	49
Strategy T-3.5. Revise Streetscape Design Standards	50
Strategy T-4.1. Transit Passes	51
Strategy T-7.1. Carpool Program	53
Strategy T-8.1. Encourage Local Businesses to Use Alternative Fuel Vehicles	53
Strategy T-9.3. Neighborhood Commercial Centers	55
Strategy T-9.4. Development of Underutilized and Vacant Infill Sites	55
Strategy B-1.1. LEED Certification for Municipal Projects	60

Public Outreach continued...

Strategy B-1.2. Solar Thermal Energy for Municipal Buildings60

Strategy B-2.2. Promote Local Green Building Projects 61

Strategy B-3.1. Residential Energy Conservation Ordinance 62

Strategy B-3.3. Home Energy and Water Audits 63

Strategy B-3.7. Change a Light Campaign 63

Strategy B-4.1. Encourage Energy Efficient Upgrades in Historic Structures 64

Strategy B-4.3. Encourage LEED certification and/or Build It Green’s GreenPoint Rated certification for Historic Structures 65

Strategy B-4.4. Educate Property Owners, City Commissions, Local Contractors, and Suppliers 65

Strategy B-4.5. Retrofit the Clocktower to Achieve LEED Certification 65

Strategy B-4.6. Energy Efficiency Demonstration Projects at City Hall 66

Strategy IC-1.1. Building Audit and Efficiency Program70

Strategy IC-1.5. Provide Green Building Consulting and Technical Assistance71

Strategy IC-2.1. Promote Green Business Certification Program71

Strategy IC-2.2. Establish a Green Business Committee72

Strategy WW-1.1. Cash for Grass Rebate Program78

Strategy WW-1.2. Establish Permitting Process for Graywater Systems79

Strategy WW-1.3. Implement Residential Rainwater Collection79

Strategy WW-1.4. Require Commercial Rainwater Collection79

Strategy WW-1.5. Incentives for Residential Plumbing Fixture Upgrades79

Strategy WW-1.7. Develop a Businesses Outreach Program80

Strategy WW-2.1. Incentives for Residential Lateral Upgrades80

Strategy SW-2.1. Community-Wide Composting Program86

Strategy SW-2.3. Construction and Demolition Recycling Programs87

Strategy SW2.4.Waste Audit Program87

Strategy SW-2.6 Universal Colors and Labeling for all Trash Receptacles88

Strategy P-6.1. Develop a City-Approved Tree and Plant List 96

Strategy P-7.1. Community Gardens in City Parks and Underutilized Sites96

Solar Energy

Strategy E-2.1. Renewable Energy Project Manager36

Strategy E-2.2. Property Assessed Clean Energy (PACE) Program37

Strategy E-2.3. Renewable Energy For City Facilities37

Strategy E-2.4. Renewable Energy Fund38

Strategy E-2.5. Citywide Renewable Energy Mapping and Database38

Strategy E-2.6. Community Choice Aggregation Feasibility Assessment38

Strategy E-3.1. Encourage Parking Lot Solar Photovoltaic Arrays39

Strategy E-3.2. Solar Permitting Fee Waiver39

Strategy E-3.3. Promote California Solar Initiative and Other Applicable Incentive Programs40

Strategy E-6.1. Smart Grid Feasibility Study42

Strategy B-1.2. Solar Thermal Energy for Municipal Buildings60

Strategy B-4.2. Amend the Downtown and Arsenal Historic Conservation Plans65

Strategy IC-4.2. Investigate On-site Energy Production73

Strategy WW-3.1. Install Renewable Energy Systems81

Wind Energy

Strategy E-2.1. Renewable Energy Project Manager	36
Strategy E-2.2. Property Assessed Clean Energy (PACE) Program	37
Strategy E-2.3. Renewable Energy For City Facilities	37
Strategy E-2.4. Renewable Energy Fund	38
Strategy E-2.5. Citywide Renewable Energy Mapping and Database	38
Strategy E-2.6. Community Choice Aggregation Feasibility Assessment	38
Strategy E-4.1. Increase Wind Energy Generation within City Limits	40
Strategy E-6.1. Smart Grid Feasibility Study	42
Strategy IC-4.1. Continue Implementing Capital Improvement Programs	73
Strategy IC-4.2. Investigate On-site Energy Production	73
Strategy WW-3.1. Install Renewable Energy Systems	75

Green Building

Strategy E-2.1. Renewable Energy Project Manager	36
Strategy E-2.2. Property Assessed Clean Energy (PACE) Program	37
Strategy E-2.3. Renewable Energy For City Facilities	37
Strategy E-3.1. Encourage Parking Lot Solar Photovoltaic Arrays	39
Strategy E-3.2. Solar Permitting Fee Waiver	39
Strategy B-1.1. LEED Certification for Municipal Projects	60
Strategy B-1.2. Solar Thermal Energy for Municipal Buildings	60
Strategy B-1.3. Upgrade City Hall HVAC System	61
Strategy B-2.1. Adopt a Tiered Green Building Ordinance	62
Strategy B-2.2. Promote Local Green Building Projects	62
Strategy B-3.1. Residential Energy Conservation Ordinance	62
Strategy B-3.2. Adopt Build It Green's Home Remodel Standards or Equivalent	62
Strategy B-3.4. Energy Efficiency Rebates	63
Strategy B-3.6. Wood Fireplace Change-Out/Removal Program	63
Strategy B-4.1. Encourage Energy Efficient Upgrades in Historic Structures	64
Strategy B-4.2. Amend the Downtown and Arsenal Historic Conservation Plans	65
Strategy B-4.3. Encourage LEED certification and/or Build It Green's GreenPoint Rated certification for Historic Structures	65
Strategy B-4.4. Educate Property Owners, City Commissions, Local Contractors, and Suppliers	65
Strategy B-4.5. Retrofit the Clocktower to Achieve LEED Certification	65
Strategy B-4.6. Energy Efficiency Demonstration Projects at City Hall	66
Strategy IC-1.1. Building Audit and Efficiency Program	70
Strategy IC-1.2. Mandate Building Performance Certificates	70
Strategy IC-1.3. Require LEED Certification for New Industrial and Commercial Buildings Larger than 5,000 Square Feet	70
Strategy IC-1.4. Commercial Energy Conservation Ordinance	71
Strategy IC-1.5. Provide Green Building Consulting and Technical Assistance	71
Strategy IC-4.1. Continue Implementing Capital Improvement Programs	73
Strategy WW-1.2. Establish Permitting Process for Graywater Systems	79
Strategy WW-1.3. Implement Residential Rainwater Collection	79
Strategy WW-1.4. Require Commercial Rainwater Collection	79
Strategy WW-1.5. Incentives for Residential Plumbing Fixture Upgrades	79
Strategy SW-2.3. Construction and Demolition Recycling Programs	87

Energy Efficiency

- Strategy E-2.1. Renewable Energy Project Manager 36
- Strategy E-2.2. Property Assessed Clean Energy (PACE) Program 37
- Strategy E-6.1. Smart Grid Feasibility Study 42
- Strategy T-2.1. Increase the Efficiency of Streetlights 47
- Strategy T-2.2. LED Lighting for Intersection Walk Signals 47
- Strategy B-1.1. LEED Certification for Municipal Projects 60
- Strategy B-1.3. Upgrade City Hall HVAC System 61
- Strategy B-2.1. Adopt a Tiered Green Building Ordinance 62
- Strategy B-2.2. Promote Local Green Building Projects 62
- Strategy B-3.1. Residential Energy Conservation Ordinance 62
- Strategy B-3.2. Adopt Build It Green’s Home Remodel Standards or Equivalent 62
- Strategy B-3.3. Home Energy and Water Audits 63
- Strategy B-3.4. Energy Efficiency Rebates 63
- Strategy B-3.7. Change a Light Campaign 63
- Strategy B-4.1. Encourage Energy Efficient Upgrades in Historic Structures 64
- Strategy B-4.6. Energy Efficiency Demonstration Projects at City Hall 66
- Strategy IC-1.1. Building Audit and Efficiency Program 70
- Strategy IC-1.2. Mandate Building Performance Certificates 70
- Strategy IC-1.4. Commercial Energy Conservation Ordinance 71
- Strategy IC-3.1. Complete Emissions Inventory and Port Efficiency Plan 72

Transportation

- Strategy EO-1.15. Car-Free Challenge 31
- Strategy T1.1. Establish Mandatory Criteria for New Fleet Vehicles 46
- Strategy T-1.2. Municipal Bicycle Program 47
- Strategy T-2.4 Traffic Signal and Stop Sign Optimization 48
- Strategy T-3.1. Increase Bicycle Infrastructure at City Facilities 49
- Strategy T-3.2. Bicycle Infrastructure for New Development 49
- Strategy T-3.4. Bicycle and Pedestrian Master Plan 49
- Strategy T-3.5. Revise Streetscape Design Standards 50
- Strategy T-4.1. Transit Passes 51
- Strategy T-4.2. Encourage BUSD to Reinstate School Buses 51
- Strategy T-5.1. Low-Emission Transit Vehicles 51
- Strategy T-6.1. Explore Ferry/Water Taxi Service 52
- Strategy T-6.2. Benicia Commuter Rail Stop 52
- Strategy T-7.1. Carpool Program 53
- Strategy T-7.2. Carpool Incentives for City Employees 53
- Strategy T-8.1. Encourage Local Businesses to Use Alternative Fuel Vehicles 53
- Strategy T-8.2. Create Local Car Share Program 54
- Strategy IC-3.2. Decrease Transportation Source Emissions 72

Water Conservation

- Strategy EO-1.12. Demonstration Gardens 30
- Strategy B-1.1. LEED Certification for Municipal Projects 60
- Strategy B-2.1. Adopt a Tiered Green Building Ordinance 61
- Strategy B-2.2. Promote Local Green Building Projects 62
- Strategy B-3.2. Adopt Build It Green’s Home Remodel Standards or Equivalent 62
- Strategy B-3.3. Home Energy and Water Audits 63
- Strategy WW-1.1. Cash for Grass Rebate Program 78
- Strategy WW-1.2. Establish Permitting Process for Graywater Systems 79
- Strategy WW-1.3. Implement Residential Rainwater Collection 79
- Strategy WW-1.4. Require Commercial Rainwater Collection 79
- Strategy WW-1.5. Incentives for Residential Plumbing Fixture Upgrades 79
- Strategy WW-1.6. Incentivize Water Conservation 80
- Strategy WW-1.7. Develop a Businesses Outreach Program 80
- Strategy WW-2.1. Incentives for Residential Lateral Upgrades 80
- Strategy WW-3.3. Water Reuse Project 82
- Strategy P-1.1. Install Drip Irrigation Systems in all City-Maintained Landscapes 92
- Strategy P-1.2. Install Irrigation Control Systems 92
- Strategy P-1.3. Utilize Low-Maintenance, Drought Tolerant Landscaping 92
- Strategy P-5.1. Residential Tree Fund 95
- Strategy P-6.1. Develop a City-Approved Tree and Plant List 96
- Strategy P-7.1. Community Gardens in City Parks and Underutilized Sites 96

Carbon Sequestration

- Strategy EO-1.1. Update and Maintain Sustainable Development Website 21
- Strategy EO-1.12. Demonstration Gardens 30
- Strategy WW-1.1. Cash for Grass Rebate Program 78
- Strategy P-1.3. Utilize Low-Maintenance, Drought Tolerant Landscaping 92
- Strategy P-4.1. Tree Maintenance Program 95
- Strategy P-4.2. Increase the Number of City Trees 95
- Strategy P-5.1. Residential Tree Fund 95
- Strategy P-5.2. Adopt-A-Tree Program 95
- Strategy P-6.1. Develop a City-Approved Tree and Plant List 96
- Strategy P-7.1. Community Gardens in City Parks and Underutilized Sites 96
